The novel opens with the arrival of the three sisters on the island of Winterset. They have come to scatter the ashes of their mother, who died in a car accident a year earlier. The sisters are all very different: Anya is the eldest and most responsible, Beth is the middle child and the peacemaker, and Clare is the youngest and most rebellious.

As the sisters spend time on the island, they begin to confront the secrets and resentments that have divided them. Anya has always felt responsible for her younger sisters, but she has also resented the way they have taken her for granted. Beth has always been the peacemaker, but she is tired of being the one who always has to give in. And Clare has always been the rebel, but she is starting to realize that her behavior is hurting the people she loves.

The sisters' time on the island is also marked by a series of strange and unsettling events. They hear strange noises in the night, they see strange figures in the shadows, and they begin to suspect that they are not alone. As the sisters delve deeper into the island's mysteries, they begin to uncover the truth about their mother's death and the secrets that have been hidden from them.
