The Worst Journey in the World is a travelogue by Apsley Cherry-Garrard detailing the British Antarctic Expedition of 1910-1913, led by Robert Falcon Scott. The book was first published in 1922 and has since become a classic of polar exploration literature.

The expedition was a disaster. Scott and his team of five men reached the South Pole on January 17, 1912, but they were forced to turn back due to bad weather and dwindling supplies. On the return journey, the men were caught in a blizzard and perished one by one. Only Cherry-Garrard and another member of the team, Edward Wilson, survived.

In The Worst Journey in the World, Cherry-Garrard recounts the expedition's harrowing journey in vivid detail. He describes the challenges

the men faced, including extreme cold, hunger, and exhaustion. He also provides insights into the characters of the men and their relationships with each other.

The Worst Journey in the World is a powerful and moving account of one of the most tragic episodes in polar exploration history. It is a story of courage, endurance, and the indomitable human spirit.

The British Antarctic Expedition of 1910-1913

The British Antarctic Expedition of 1910-1913 was led by Robert Falcon Scott, a Royal Navy officer and explorer. The expedition's goal was to be the first to reach the South Pole. Scott and his team of five men set out from Cape Evans, Antarctica, on November 1, 1911. They reached the South Pole on January 17, 1912, but they were forced to turn back due to bad weather and dwindling supplies.

On the return journey, the men were caught in a blizzard and perished one by one. Only Cherry-Garrard and another member of the team, Edward Wilson, survived. The expedition was a disaster, but it is remembered as one of the most heroic episodes in polar exploration history.
