

Valkyrie Daughter: The Lunar Free State

Valkyrie Daughter is a science fiction novel by Andre Norton. It tells the story of a group of young women who are kidnapped and taken to the moon, where they are forced to work as slaves in the lunar mines. The novel follows the women as they struggle to survive and escape their captors, and ultimately fight for their freedom.

The novel begins with the kidnapping of the young women from Earth. They are taken to the moon and sold to the Lunar Mining Corporation, which owns and operates the mines. The women are forced to work in the mines, where they are subjected to harsh conditions and brutal treatment.

As the women work in the mines, they begin to organize and plan their escape. They are led by a young woman named Valkyrie, who is determined to fight for her freedom and the freedom of her fellow slaves.
