

# Very Short Introductions: An Exploration of Oxford University Press's Mini Guides to Big Ideas

*Very Short s (VSI) are a series of concise and accessible books published by Oxford University Press. Each book is written by a leading expert in the field and provides a concise overview of a complex subject. VSI books are perfect for students, general readers, and anyone who wants to learn more about a particular topic.*

## The History of Very Short s

The VSI series was launched in 1995 with the publication of *The World's Religions* by Ninian Smart. The series quickly became a success, and today there are over 700 VSI books in print. VSI books have been translated into over 50 languages and have sold over 20 million copies worldwide.

### Contemporary Art: A Very Short Introduction (Very Short Introductions) by Julian Stallabrass

The VSI series is edited by a team of academics from the University of Oxford. The editors are responsible for commissioning new books and ensuring that the series maintains its high standards of scholarship and accessibility.

## **The Format of Very Short s**

VSI books are typically between 100 and 150 pages long. They are written in a clear and concise style, and they are illustrated with helpful diagrams and maps. Each book includes a glossary of terms and a bibliography for further reading.

VSI books are divided into six sections:

- **Introduction:** Provides an overview of the topic and explains the key concepts.
- **History:** Examines the history of the topic and its development over time.
- **Key Ideas:** Explores the central ideas and theories of the topic.
- **Criticisms:** Discusses the criticisms and controversies surrounding the topic.
- **Applications:** Examines the practical applications of the topic in the real world.
- **Conclusion:** Provides a summary of the topic and its significance.

## **The Benefits of Very Short s**

VSI books offer a number of benefits for readers, including:

- **Conciseness:** VSI books are concise and easy to read. They provide a lot of information in a short amount of time.
- **Accessibility:** VSI books are written in a clear and accessible style. They are perfect for students, general readers, and anyone who wants to learn more about a particular topic.
- **Expertise:** VSI books are written by leading experts in the field. They provide a reliable and up-to-date overview of the latest research.
- **Affordability:** VSI books are affordable. They are available in paperback and ebook formats.

## How to Use Very Short s

VSI books can be used in a variety of ways, including:

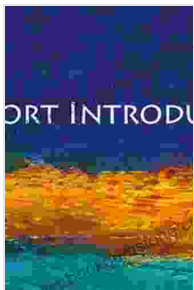

- **As a starting point for research:** VSI books can provide a quick and easy overview of a topic. They can help you to identify key concepts and theories, and they can point you to further reading.
- **As a supplement to your studies:** VSI books can help you to understand complex topics in more depth. They can provide additional context and detail, and they can help you to connect different ideas together.
- **As a way to keep up with the latest research:** VSI books are regularly updated to reflect the latest research. They can help you to stay up-to-date on the latest developments in your field.
- **For general interest:** VSI books are a great way to learn about new topics and broaden your knowledge. They are perfect for anyone who wants to learn more about the world around them.

Very Short s are a valuable resource for students, general readers, and anyone who wants to learn more about a particular topic. They are concise, accessible, and affordable. They are written by leading experts in the field and provide a reliable and up-to-date overview of the latest research.

If you are looking for a way to learn more about a particular topic, I highly recommend checking out the Very Short s series.
